

Leadership & Reputation Academy

Presented in Partnership with

Schnake Turnbo Frank

“WHAT GOT YOU HERE WON’T GET YOU THERE.” – PETER DRUCKER

THE ACADEMY

Leaders are often promoted because they succeed in a specific area or industry. Excelling at the next level, however, requires different skills essential to an organization’s reputation – relationship-building, conflict management, entrepreneurial thinking, and media and presentation skills, to name a few.

The Leadership & Reputation Academy is an intense, eight-part Executive Education course aimed at new and emerging leaders around the Dallas Metro. The class size will be no more than 30 participants.

CURRICULUM

Something Good and its colleagues at Schnake Turnbo Frank understand the correlation between an organization’s reputation and its leadership. This program gives participants an opportunity to fine-tune this connection with innovative, hands-on experiences in a highly interactive environment.

The program includes lectures, group presentations and role-playing, and draws on materials from a variety of respected sources, including Harvard Business Review, bestselling business authors, successful corporate executives, and the instructors’ own time-tested, proprietary content.

“Simply put, LRA is one of the best investments a company can make in its existing and future leaders - informative, practical, insightful and transforming.”
